

Olympic Podcast - Day One

Contributed by Craig Harkins
Thursday, 07 August 2008

Day One of Fencing.Net in Beijing. I arrived last night and have gotten situated at the Media Village (it's an apartment building) and tested out a Skype call to the family about an hour ago.

Now it's time to scope out Beijing and take a look at the brackets for the individual events. Here is a quick walk through of the brackets and where the US fencers are. I apologize in advance for the way I butcher some of the names.
